

IELTS WRITING TASK 2 AGREE / DISAGREE

1. Interviews form the basic selection criteria for most large companies. However, some people think that interview is not a reliable method of choosing whom to employ and there are other better methods. To what extent do you agree or disagree?
2. Nowadays more and more young people hold the important positions in the government. Some people think that it is a good thing, while others argue that it is not suitable. Discuss both these views and give your opinion.
3. Some countries pay extreme high salaries to people. Some people believe that country must not do that and make a limit for the salaries. Do you agree or disagree?
